PROFILE

Full Stack Developer with a background in design. I build **management systems, websites and business apps**, from the database to the interface, making sure they are solid under the hood and clear on the surface. I enjoy understanding what each client needs, working as part of a team and taking projects from idea to launch.

FEATURED PROJECTS

ARsuma FEATURED

2026 · arsuma.com.ar

Loyalty points and rewards network for businesses in Tucumán, backed by the Federación Económica de Tucumán. Customers earn points by scanning QR codes and redeem rewards; each store has its own dashboard and the Federation sees metrics for the whole network.

QR points · Multi-store · Metrics dashboard · Excel reports

Foja — 2026

Management system for law firms: clients, cases, tasks and token-based login.

ASP.NET Core · EF Core · PostgreSQL · React

Ruiz & Associates — 2024

Landing page for an accounting firm, with a contact form that sends inquiries straight to email.

TypeScript · CSS · Responsive

Piaceres — 2024

Multi-page website for a restaurant, with menu, services and contact.

HTML · CSS · JavaScript

Reed — 2023

Dynamic product catalog with sign-up, login and token-based security.

React · Vite · JavaScript

EXPERIENCE

Full Stack Developer
2023 — Present

Self-employed

Systems and websites for businesses: requirements gathering with clients, design, frontend, backend, database and deployment.

Hostess Promoter
Feb — May 2025

Shibari Tulum · Mexico

Sold DayPass experiences at a 5-star hotel, serving customers mainly in English.

Web Designer & Content Manager
Mar 2023 — Dec 2024

B2B Marketing

Designed and managed client websites with eDirectory CMS: templates tailored to each brand, SEO-optimized content and direct work with clients.

Social Media Design & Management
Aug 2022 — Present

Freelance

Logos, graphics, videos and social media content; sold and coordinated landing pages and websites from concept to launch.

EDUCATION

Associate Degree in Programming

National Technological University (UTN) · Tucumán

2024 — Present · final year
